Paul Wackers at The Luggage Store Gallery

I anxiously locked up the gate at FFDG Friday night and was on my way to The Luggage Store. I had been daydreaming about Paul Wackers work all week. And I was anxious to see his new pieces and get lost in the scenes.

Upon arriving, I realized that there would be no getting lost in his work tonight. Not because the work was lacking anything in any way, the work was breathtaking, incredible. But there were soooooo many people, I couldn't even hear myself think.

## Gentlemen's Club

Friday, 18 March 2011, 10:14am

**Ever Gold Gallery** here in SF's Tenderloin Dist. is in the middle of their March program "Gentlemen's Club" - a whole bunch of *diverse and distinctive array of speakers, artists, performers, thinkers, musicians, hunters and drunks* all focused around a bar the gallery created serving up cold PBRs.

March 18th Stag Party with Charles Linder. Also on view new works from Charles Linder, Sergio Lobato, Artist, Collector, and hunter, inspiring member of the Bohemian Club / Grove, and cash cowboys. Charles Linder presents how to go and cook a boar hunt, how to go about becoming a member of one of the most secretive clubs besides the Free Masons, and other delights. Fresh wild pig will be served form a BBQ outside. 5pm charleslinder.com

Tonight, **Charles Linder** will show and tell viewers how to hunt, kill, and BBQ wild boar. In fact, fresh wild pig will be BBQ'd outside the gallery starting @5pm. ~**check the complete schedule.**

## Moon The Moon

Thursday, 17 March 2011, 8:19pm

**THIS MONTH'S FULL MOON (ON SATURDAY) IS GOING TO BE MASSIVE** <-- Because this is nearly the closest the Moon can be to Earth (31,000 miles closer), this upcoming full Moon will not just be a supermoon but some are calling this an extreme supermoon... The closest positioning since 1992. Huge time.

## Bozic's Soule

Thursday, 17 March 2011, 5:44pm

Artists **Damon Soule** and **Tiffany Bozic** stopped in **FFDG** just now. Tiffany's working on a new group of paintings, she mentioned. Damon's third solo show opens @**FFDG** this August which we're very excited about.

The room was packed, hot, and muggy. Sun streamed in through the large windows attacking my eyes. I was feeling a little panicky with all the sounds and all the movement. I quickly found some solitude behind my lens, though getting the shots of his work without interference was near impossible.

#### **Michael Hsiung's Care Package**

Thursday, 17 March 2011, 12:14pm

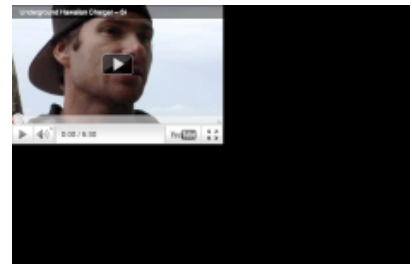

We got this package full of **prints** from our buddy **Michael Hsiung**, a long time FF contributor in Los Angeles. Thanks, Michael. Glad it final made it here after being sent, missed, returned and sent once again. They now have a home.

**Hawaiian man killed while surfing at Mavericks <--**  
Sion Milosky was always in search of the biggest waves to surf. The Hawaiian native found those waves on Wednesday at the Mavericks surf break north of Half Moon Bay, but the swells were just too overwhelming.

#### **Help Japan**

Wednesday, 16 March 2011, 3:15pm

We all wanna do something to help our friends in Japan who are in need. **Max Erdenberger made this print \$25** w/ all the proceeds going to help those in Japan.

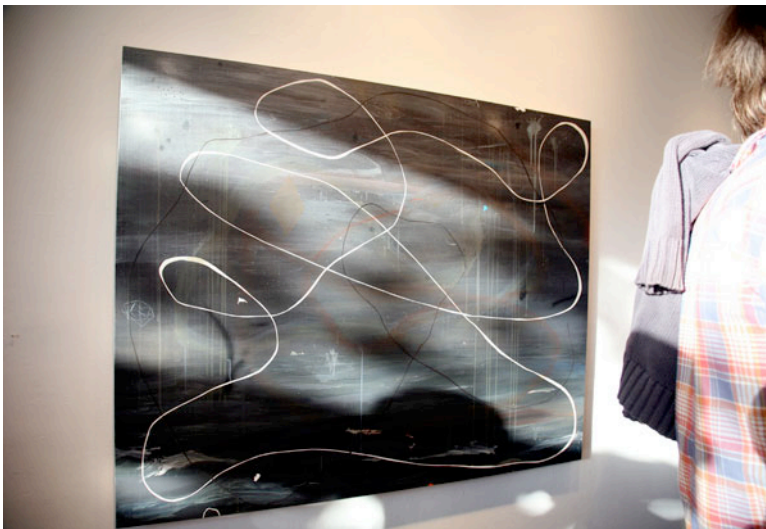

We're sure that Max's funds will go to a good organization. Here's a [list of places](#) that can take \$\$ through mobile. Some say [donating \\$\\$ is a good thing](#). Others say [Japan doesn't need the money](#). Whatever, just do [some research](#), and help the way you feel comfortable.

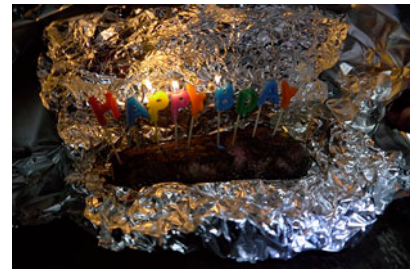

#### **Recess Cease and Desist**

Wednesday, 16 March 2011, 10:12am

Things were a tad sleepy around here as we took a few days off bouncing about the SF Bay for my birthday. The hangover has settled, we're in the [new FFDG](#) (open this week Wed thru Sat 1-6pm), and getting the Fecal chugging along once again. Stay tuned...

Poo. Check. Wifey. Check. Drizzle. Check. On the Water. Check.

### **Loving the Lower Haight**

Thursday, 10 March 2011, 12:12pm

We are so excited to be around such great food and cafes now since moving **FFDG** to the **Lower Haight**. Favorites are quickly amounting, but **Cafe Du Soleil** at Fillmore and Waller has such kick ass coffee and food... try the open-faced chicken sandwich & amazing ham and cheese croissant (just the right amount of ham).

Sunday night Jazz @Cafe International - Photo from flickr by: **Matt Nuzzaco**

And, of course, **Cafe International**, a neighborhood staple (here since I moved here in '93), is friendly as ever serving up a perfect toasted tune fish sandwich. Wifey LOVES the mediterranean plate, outdoor seating, and don't forget Sunday evening live jazz which is a iteration of the Sunday night jazz at The Gathering Cafe in North Beach (long since closed) featuring **BJ Papa** and Bishop. A couple of beers listening to live Jazz is a great way to wrap up the weekend. Relaxing.

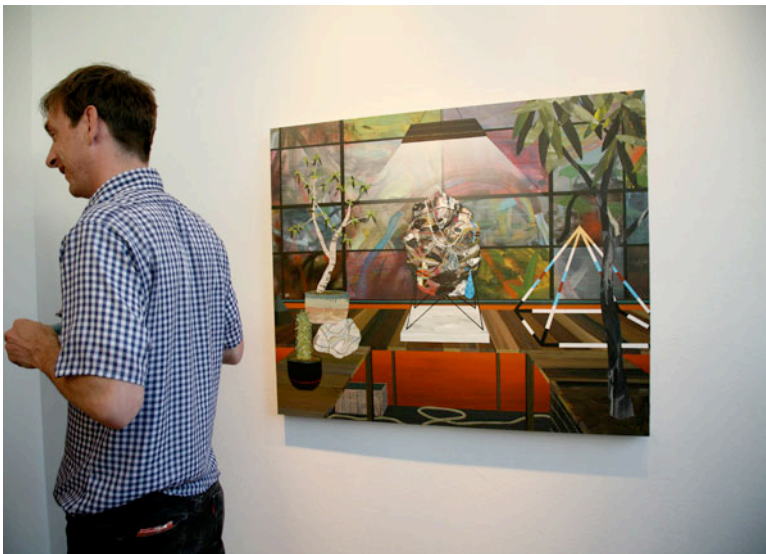

### **Tiny Tiny Tiny Ferris**

Thursday, 10 March 2011, 11:25am

Our buddy **Ferris Plock** is the current tiny showcase with his print *Hidden* - 5" x 7.75" - \$20.00 - **get one**. Looks like they only have a few left.

**FF CELLY PICS**

There's something not right about that.  
-as of 1pm

This was one of my favorite pieces from the show. I love all the elements with the water, trees, rock, and ground. The way the ribbons dance over the water is magical. And the ripples on the waters surface where the ribbons enter, makes me feel like I'm there.

Talking about us...

## NEW FEATURES

### Ryan Travis Christian's "Sad Sacks"

Great show from this Chicago based artist and who's also been a contributor to FF over the years. The photos don't do the show justice. Get down there and see it yourself.

### Henry Lewis Preview

SF based Henry Lewis invited a few friends over to his studio last weekend before he shipped his paintings down to Los Angeles for his solo show "The Absence of Light" @Corey Helford Gallery opening this Saturday, March 19th.

The floating ribbon reminds me of when cassette tapes came undone and you'd see them floating around in the air on the highway or fluttering from a tree or road sign. It had been a long while since I had seen this, but just that day at FFDG before heading to Mr.Wackers show I watched an old video ribbon dance between a tree and a light post. You may have seen the photos I posted on facebook from my iphone of it.

Sold! Wish I could take a few pieces home with me.

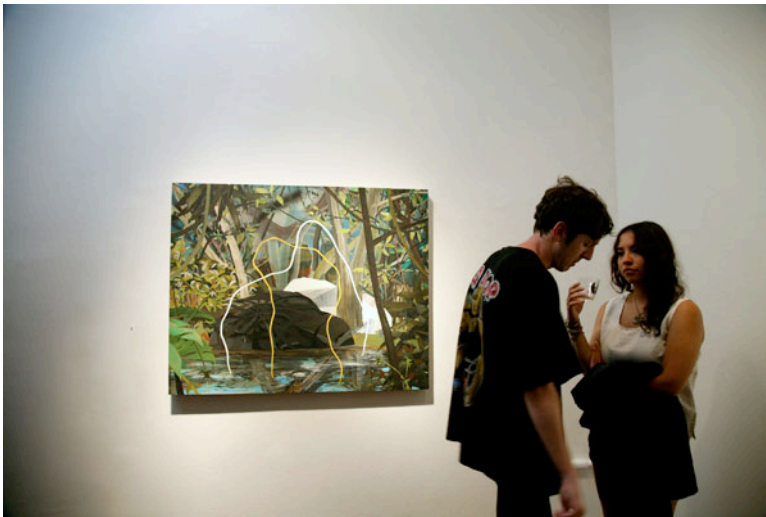

This being one of them. Incredible.

It's beautiful how the geometric shapes play and works with the organic, and then add all the colors. The colors bring such warmth and life to his paintings (or a coolness in some).

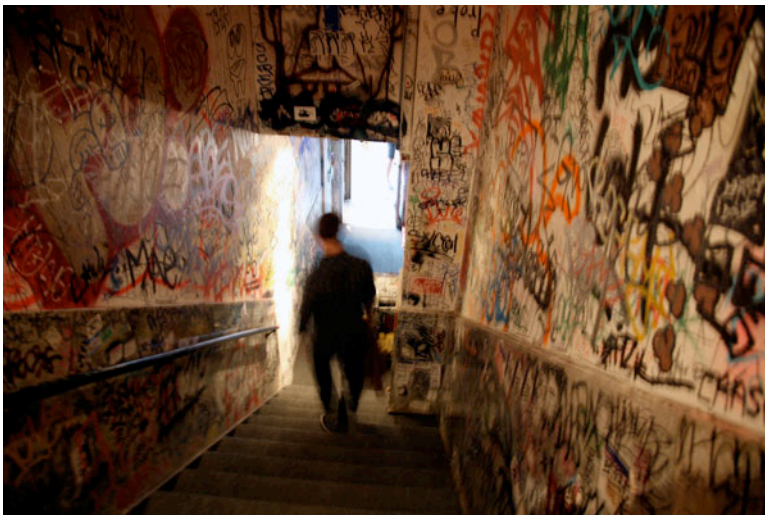

Haha, I need to get one of those...

Headed out, but will hopefully be back to have another look before it comes down. The show was inspiring, not to be missed.

Air.

Jumped on the F and headed home.

We were momentarily stopped, as a crime scene was taking place just outside the window. Just down the street and to the left of the 'do not enter' sign were several police officers all pointing there guns toward three men laying face down on the ground. Rough ending after seeing so much beauty and amazement at Mr.Wackers show.

His show runs through August 8,2009 so go check it out if you haven't already.
